OBJECTIVE

Front-End Developer with Two year of experience, specializing in Next.js and React.js. Proficient in JavaScript, TypeScript, Tailwind CSS, MUI, Jest, and Redux.js, Web-sockets, React-Query with a strong ability to enhance user engagement and optimize web performance through innovative solutions. Proven track record of collaborating with design and backend teams to deliver seamless, responsive user experiences while maintaining rigorous coding standards and documentation practices. Committed to advancing front-end architecture and implementing cutting-edge techniques to drive site performance and accessibility.

EDUCATION

Bachelor of Computer Applications, MG University   Aug 2020 - June 2023
Catholicate College Pathanamthitta

SKILLS

Technical Skills	JavaScript, React.js, Next.js, Redux.js, React-Query, Tailwind CSS, Jest, Framer-Motions Responsive Design, Html5, Css3
Other Skills	Web-sockets, Git , Material Ui, BootStrap

EXPERIENCE

Front-end Developer   Jun 2024 - Present
Talrop   *Kochi, Kerala*

- Develop and optimize user interfaces using **Next.js, TypeScript, and React.js**, conducting performance audits and implementing data-driven solutions to enhance accessibility.

- Build responsive and scalable UI components with **Material-UI (MUI)** and **Tailwind CSS**, ensuring cross-browser compatibility and mobile responsiveness.

- Manage complex application state using **Zustand** and integrate secure REST APIs for seamless frontend-backend communication.

- Collaborate with design and backend teams to deliver smooth user experiences, maintaining code quality through peer reviews and best practices.

- Enhance user engagement with optimized routing, lazy loading, and interactive animations using **Framer Motion**, reducing load times and improving overall performance.

Front-end Developer Intern   Feb 2024 - May 2024
Luminar Technolab   *Kochi, Kerala*

- Developed and maintained web applications using **React.js** and **Redux.js**.

- Styled components with **Tailwind CSS** to create responsive and modern UI designs.

- Collaborated with the development team to optimize performance and enhance user experience.

CERTIFICATE

MERN STACK   Jun 2023 - Jan 2024
Luminar Technolab   *Kochi, Kerala*

Namaste React   Jan 2024 - Feb 2024
Namaste Dev.com

PROJECTS

Project: Remitbae – A B2B Money Transfer Web Application

Company: Talrop (Front-end Developer)

- Developed and maintained the **Remitbae** web app for secure **B2B money transfers** from **Qatar to other countries**.
- Implemented real-time **forex features** and transaction workflows.
- Built the frontend using **Next.js, MUI, and Tailwind CSS** with efficient state management.
- Integrated HR, support, and accounts modules while ensuring responsive and scalable UI.

Project: Arkboss – A Cloud-Based Shop & Business Management Application

Company: Talrop (Front-end Developer)

- Developed the **Arkboss** dashboard for managing products, sales, customers, inventory, and finance.
- Built the frontend using **Next.js and TypeScript** with **Material-UI**.
- Implemented **Zustand** for efficient state management and real-time UI updates.
- Collaborated with backend teams for secure API integration and performance optimization.

Project: The Broker Academy (TBA) – A Centralized Broker Ecosystem Platform

Company: Talrop (Front-end Developer)

- Developed the **TBA** platform connecting verified brokers with brands.
- Built scalable frontend architecture using **Next.js and TypeScript**.
- Designed responsive UI with **Material-UI** and implemented animations using **Framer Motion**.
- Developed broker registration, deal management, and role-based dashboard modules.

Project: Senior Citizen is an online platform designed to connect senior citizens with service providers.

Company: Luminar technolab(Front-end Developer Intern)

- **Frontend:** React.js, MUI ,Tailwind CSS, Redux.js

Project: Wheels on Demand

Company: Luminar technolab(Front-end Developer Intern)

- A React.js-based project using **Tailwind CSS** and **Material UI**

Facilitates **car rental and sales** with a user-friendly interface for administrators and customers.
